Aesclepias tuberosa

BUTTERFLY WEED

Bright orange flowers top this summertime favorite for Monarch butterflies. A must-have as a food source for Monarch larvae. Full sun; good drainage; 36" tall, 24" wide

Aster oblongifolius 'Raydon's Favorite'

AROMATIC ASTER

Showy violet-blue flowers emerge in fall just when pollinators need nectar for overwintering. Full sun; room to spread; 24-36" tall, 24" wide

Helianthus salicifolius 'Autumn Gold'

COMPACT WILLOW-LEAF SUNFLOWER

This compact sunflower erupts in golden blooms in fall. This is an easy sunflower to manage even in small gardens. Full sun; 24" tall, 24" wide

Monarda 'Petite Delight'

WILD BERGAMOT

Lavender-rose flowers top the shiny green foliage in summer. Very manageable. Full sun; 30" tall, 24" wide

Nepeta 'Summer Magic'

CATMINT

A prolific bloomer from spring through summer. Full sun; good drainage; 18" tall, 18" wide
