Any termination for non-appropriations shall not prohibit the District from obtaining services from another source or in another manner, which is in the best interest of the District.
Scope of Work

Large equipment must be kept to a minimum and may require certain tasks to occur prior to and after Zoo Operating hours. Zoo hours are 9am to 5 pm. Weekend work would require approval and would have to be contained to the site with minimal noise if approved.

Power will be pulled from an existing panel or switch gear, contractor to provide breaker/switch. Water will be tapped off a proprietary water main and sewer will be piped to a proprietary manhole.

Black zoo mesh is available from at least two companies, Athru Z and valentineinc.com. Prices vary each time we buy so check both and any others you can find. We have used the zoo mesh from these two companies, if you propose to use someone else’s we would need to see and approve their product as equal to what we have been buying. A dig/large snake barrier is to be installed around the perimeter of the aviaries, 18 inches deep ½ by ½ stainless steel wire mesh secured to bottom board. Attachment must be as secure as the ½ by ½ openings.

A pool in each aviary is to be priced as alternates. If not accepted ¾ water lines will be run into the aviary’s and terminated in a valve box for later construction. Piping for sewer connections will also be run and terminated.

REGULATIONS AND STANDARDS:

The work shall comply with all laws, ordinances and regulations of all legally constituted authorities having jurisdiction over any part of this work, County and State level. These requirements supplement the specifications and shall take precedence in case of conflict.

All work shall be performed and completed in a thoroughly workmanlike and professional manner in accordance with best modern practices, regardless of any omissions from the attached specifications and/or drawings. All material and equipment shall be new and shall comply with the applicable standard in every case where such a standard has been established for the particular type of material in question.
SITE CLEAN UP:
